About

Hi, I'm Sahil. I started my journey as a front-end web designer. I used to do coding in HTML5 and CSS3. I also did freelance work for the same in my diploma years. After that I got up my interest into creating rest API's and creating front-end using ReactJs.

Skills

Languages

Enthusiasm

Work History

05.2022 - Current

Toxsl Technologies
(toxsl.com)

Working as a front-end developer. The work I provide is of highest quality, fully responsive, and tested in a wide range of devices. I take great care to ensure each project is well-documented and easily maintainable so we can enhance a website as the company grows.

06.2016 - 04.2018

Front-End Web Developer
(Freelancer)

As a Web Developer and Designer. I am specialize in Producing high quality responsive websites and exceptional user experience.

Often front-end development of a website is overlooked, but being the part of your project that combines design, back-end development and the layer that your users interact with, from my experience, it is the most important to get right.

Education

Expected in 07.2022

Bachelor of Science, Computer Science, Rayat Bahra University - Chandigarh, INDIA

05.2016

High School Diploma, Lovely Professional University - Jalandhar, INDIA
